

**Intern Requirement**

Preferred Discipline	<ul style="list-style-type: none"><li>• Computing / Computer Science</li><li>• Computer Engineering</li></ul>
Prerequisites/ Skills Required:	<ul style="list-style-type: none"><li>• .NET Programming</li><li>• C++ / C# Programming</li><li>• Database</li></ul>
No. of students required	1-2

**Project Details**

Title	WPF – Rich Application Development in Windows
Overview/Background	<ul style="list-style-type: none"><li>• Windows Presentation Foundation (WPF) is Microsoft's new user interface framework. It gives us the ability to create stunning graphics, rich interactions, and highly–usable windows applications. WPF is the API beneath Windows Vista interfaces, and it's also available for older versions of Windows</li></ul>
Scope	<ul style="list-style-type: none"><li>• Application development</li></ul>
Aims/Objectives/Deliverables	<ul style="list-style-type: none"><li>• Understand the fundamentals of the WPF framework and how it works with the .NET framework in general</li><li>• Build a WPF application to demonstrate the power of WPF in Windows application development</li></ul>
Project Duration	<input checked="" type="checkbox"/> 2-4 months
